" . . . O Immaculate Mother of Jesus, . . . hear the ardent cry which rises up from every heart in this year dedicated to you. Bend tenderly over our aching wounds. Convert the wicked, dry the tears of the afflicted and oppressed, comfort the poor and humble, quench hatreds, sweeten harshness, safeguard the flower of purity in youth, protect the Holy Church, make all men feel the attraction of Christian goodness. In your name, resounding harmoniously in heaven, may they recognize that they are brothers, and that the nations are members of one family, upon which may there shine forth the sun of a universal and sincere peace.

## EDICATION

“A teacher affects eternity; he can never tell where his influence stops.” If these words of Henry Adams can be applied to all teachers, how much more so to religious teachers. With this thought in mind, we pen these words of dedication to three such teachers and guides of youth.

Brother Maximus, C.S.C., who has served as principal for two terms, has been an active leader in our school ever since its beginning at the turn of the century.

Brother Victor, C.S.C., who has served one term as principal, has also been on the faculty since the school was founded and continues with his diligent service to boys.

Brother Xavier, C.S.C. has been here at Holy Trinity for the greater part of his teaching career, his time being interrupted for a few years when he taught elsewhere.

In gratitude for their long, devoted services as leaders and pioneers in Education, we bestow this token of recognition. Their influence goes on—in the molding of tomorrow's generations.

# Foreword . . .

This year, 1954, marks the twenty-fifth year of the existence of our school in the present building. From its humble beginning to the present day, it has helped to develop in youth a truly intellectual and Christian character.

In 1893, the Brothers of Holy Cross, at the invitation of Father Sztuczko, C.S.C., pastor of Holy Trinity Parish, arrived in Chicago and were assigned to teach in the grade school. The first high school classes were taught seventeen years later in a converted printing shop on Noble Street with Brother Peter Hosinski, C.S.C. as its first principal. In 1912, the Kosciuszko Public School on Division and Cleaver Streets became the next step in the planning of a complete high school for boys. The Brothers taught here for fifteen years. This school was then torn down and replaced by the present modern edifice. Blessed by George Cardinal Mundelein the new school was opened in 1928.

The future will present many challenges to us. If we meet these with the same ideals and unselfish effort as in the past, our school will continue to witness the growth it has shown in the years now past.

## *The School . . .*

The drive for a new school building was begun on March 1, 1923. During this drive, the greatest encouragement came from Cardinal Mundelein, who, in a letter to Father Sztuczko, the founder, paid high tribute to his efforts and to the movement.

To regard the school as merely an edifice of stone and brick would surely be a misconception. Who would venture to speak as such when its walls have vibrated in the booming crescendo of pep assemblies, when they have contained the Almighty God in pious retreats, and have echoed the voices of trained educators imparting knowledge and guidance to their charges?

Rather, we must regard the school with the respect due to a living institution which has molded and continues to mold the noblest of God's creation on earth.

Holy Trinity High School, as in the past, fills a definite need in the religious, social, political, and economic life of American youth in Chicago. Since the school's very beginning, it has been instilling in its students the principles of Catholic education as expressed in the teachings of the Church.

## *From the Desk of the Principal*

"To the graduating Senior Class of 1954, I extend my sincere hope for successful careers filled with many worthwhile achievements and for a future which will be a credit to you, your families, and to God.

"To the other students who some day will follow in these same footsteps, I commend the abundance of intellectual and moral training which is offered here at Holy Trinity."

BROTHER JOSEPH WALTER, C.S.C.

# *The Assistant Principal* His Scene of Activity

BROTHER JUST, C.S.C.,

Assistant Principal, is also Vocational Director and teacher of Senior Religion.

Diligent work brings to our office systematic guidance. Records, the proofs of what boys have earned, are kept on file; and like mirrors, they reflect outwardly that knowledge for which the students have worked in order to improve their perspective of the world in all its aspects.

The office is one of the many places in our school where the devotion, time, and patience of a few individuals help to serve for the betterment of every student.

## ANNIVERSARY

### *The Students . . .*

During the past twenty-five years, the enrollment of our school has increased from 275 students in 1928 to approximately 700 today. These students are representatives from parishes throughout the Chicago area. Continuing in the traditions of the past, all the religious, social, and intellectual activities and endeavors of the school are aimed at the complete development of the students who come to pursue their education and training.

Unity is one of the essential factors that renders cooperativeness and success to our student body. With the guide and support of the faculty, the students have been able to accomplish the many tasks that have faced them in their high school days.

It is through this training that they are prepared to take an active part in the civic and religious life of this city and country. They will follow in the footsteps of the alumni of our school in their services as priests, religious, doctors, dentists, teachers, lawyers, engineers, and musicians.

Above all, their aim must be to live their lives in conformity with the Divine Plan as taught to them daily here at Holy Trinity in the atmosphere of Christian education.

# Senior Class History . . .

## 1950-1951

In September, 1950, the largest class of Freshmen ever to enroll came to get the first sight of what high school life really was. For most boys that day was the turning point in their lives.

Toward the end of the first semester, elections were held for class officers. The class President was Robert Marchewka; Treasurer, John Kamys; Secretary, Daniel Sanders; and Sgt.-at-Arms, Richard Blackman.

The Trinity football and basketball teams were not the best, but brighter days could be seen. The Trinity seniors upset highly favored Saint George in the last game of the basketball season. Steve Juzwik replaced Joe Risiley as coach.

The Student Council was organized . . .

## 1951-1952

The more mature characteristics of Sophomores began to take shape. The first privilege of participating in social activities was our Sophomore dance.

Class officers were: President, Daniel Sanders; Vice-President, Ronald Heiden; Treasurer, Robert Marchewka.

Our football team showed signs of the long expected improvement when it beat Saint Patrick by a score of 38-19. After twenty-five years of faithful service, Mr. Brandt retired from his coaching duties.

Brother Reginald completed his six year tenure as principal.

The Yearbook acquired a new title . . .

## 1952-1953

Several Juniors, realizing their higher standing in school, began to realize themselves and decided on vocations.

Junior class officers were nearly the same as the preceding year, with President, Daniel Sanders; Vice-President, Ronald Heiden; Secretary, Donald Pilarski; Treasurer, James Ball; Sgt.-at-Arms, John Kamys.

Brother Joseph Walter became Principal; Brother Just the Assistant Principal.

Under the skilled tutelage of Coach Steve Juzwik, the football team possessed new zest and more confidence. The team went on to beat St. Rita 19-18 and De Paul 24-13. Coach Frank Rohter succeeded Mr. Brandt as head basketball coach. The basketball teams showed a notable improvement.

Science clubs were organized. A project was undertaken to build a school telescope . . .

## 1953-1954

We have finally reached the year to which we have so eagerly looked forward. But now that it is here, we are rather slow to accept it. For many of us, these four years have been periods of nourishment for our bodies and minds. We look forward to the future with confident eyes, knowing that at our assistance will always be that help of God which has been so manifest during our four years of high school.

But oh! What has happened? Look at our football team. Our upper classmen will be accredited for giving to our school the most successful football season Holy Trinity has ever had; a 5-3 record.

And, yes, most certainly progress is being made as in the past. Look at our new student handbook — a guide to Holy Trinity High School.

The P.T.A. presented a new modern equipped bus to the school.

We Seniors are leaving Holy Trinity with an impression in our minds of a school which has contributed so much in our personal development and in giving us ideals which we are to use a life time.

Hail, Our Alma Mater . . .

**Not pictured:** Frank Galovich, Treasurer.

In another year the Junior Class will have achieved their goal in high school education. With this year will come the many traditional senior activities which make up part of the interesting life of a Senior. However, they have not been idle as Juniors. They have participated to the full in the social, moral, and intellectual life of the school. Through their various class functions, the class has grown firmer as a unit and awaits the coming year with confidence and determination to excell in all that they attempt.

This year marked their beginning in high school. As a result of the friendly atmosphere here at Trinity, it was not long before they began to feel that this, too, was their school. Its members participated in the various major sports, clubs, and social activities. They now see that the challenge of high school is one that lies within their reach. They await eagerly the remaining years of their high school days . . .

## ANNIVERSARY

### Activities . . .

The purpose of an educational institution is not that of producing individuals comparable to unfeeling robots, but rather, social beings whose mental composition will enable them to cope with the emotional, as well as the technical problems and intricacies of a complex world. For this reason, extracurricular activities, in conjunction with the standard curriculum, play a definite role in education.

Social activities provide the students with an outlet for the demands of their personalities and silences the erroneous conception which tells them they do not "belong."

Participation in the various activities, such as the Student Council, Clubs, Band, and Glee Club, enables the students to discover their talents which will be invaluable assets in their later life.

The religious devotions carried on by the school assist the students in setting right their hierarchy of values which ultimately lead to their happiness and contentment in life.

The happy, the profoundly interested, the joyful faces on the following pages vividly illustrate the importance of such activities in order to better prepare them to meet the challenges of a modern world.

# The Gold

In the last minutes before printing, the paper is combed for errors in the last proof reading by Brother Clarence, Adviser; Joseph Sobeck and Edward Wojcik.

The Gold and Blue, under the direction of Brother Clarence, has tried in the past year to bring to the students of Holy Trinity the latest happenings, incidents, and events in order to bring about a firmer unity among the student body. Veterans from last year's staff were few, numbering only four. Many members were novices in the literary field but developed into well-spoken writers. Past issues of the Gold and Blue have built a strong reputation for fine editing among the staff members. We of the present staff hope we have upheld that reputation. In every issue we have contributed to the ever growing story of our school and its students.

## Yearbook in the Making . . .

John Kamys and Marion Baruch discuss plans for the underclassmen section of the yearbook.

To all the members of the staff, the financing, planning, and publication of this yearbook has been a valuable experience in the process of their self-development. They have been made more aware of the qualities necessary for this type of journalistic work — promptness, foresight, patience, and perseverance.

Throughout the year, they have met the obstacles as they appeared and have added one more successful accomplishment to their high school days.

The staff wishes to thank the faculty, students, and patrons who have made it possible for this yearbook to be published.

**Officers:**

Dan Sanders, President; John Kamys, Vice-President; Ray Wielgos, Secretary; Tom Galovich, Treasurer.

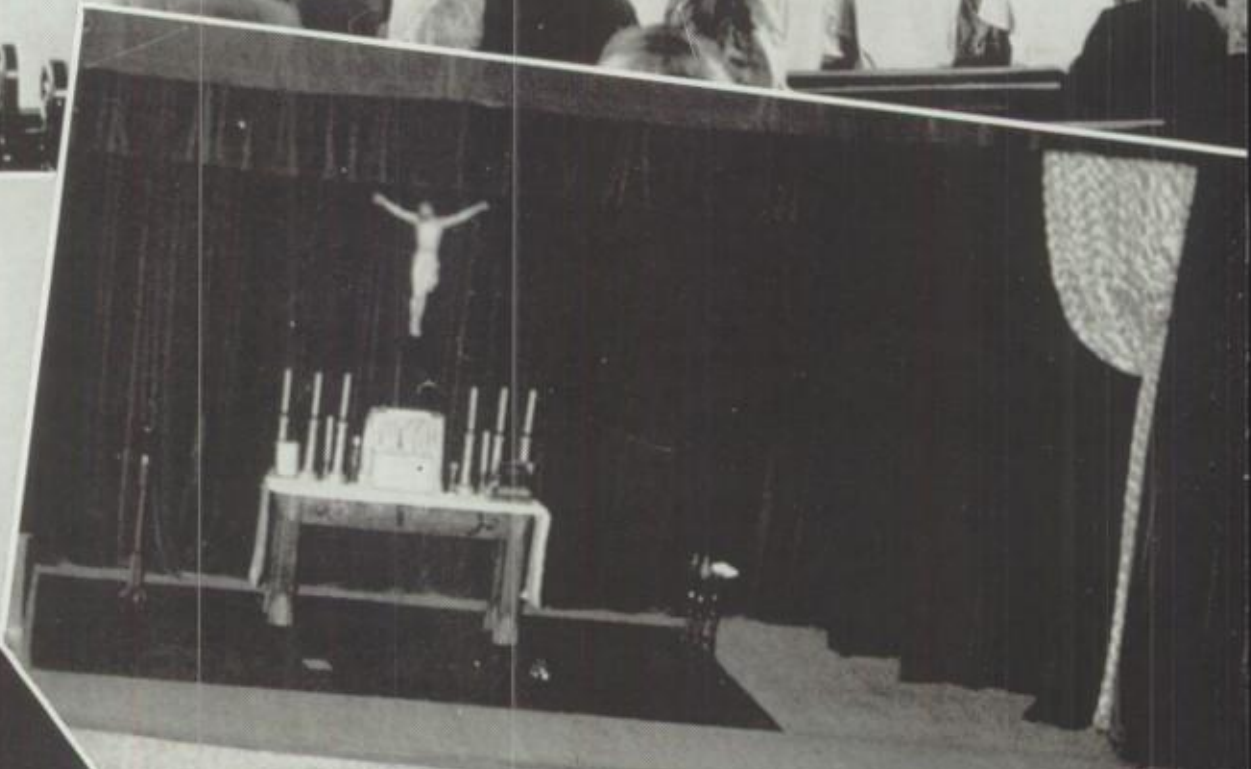

## *Developing Student Responsibility . . .*

The Student Council is organized in our school to serve as an incentive for student leadership and responsibility. To be a representative from the student body is considered a distinguished mark of achievement by all members of the Council. It is the hope of the Moderator and faculty that these students will take this valuable experience with them in their life's work ahead.

The Council is composed of the presidents of all classes, the editors of the Newspaper and the Yearbook, a representative elected from each homeroom, and two outstanding members selected as members-at-large by the Principal and Moderator.

The chief function of the Council is to foster mutual understanding between the faculty and the student body. Through the Council, students may present problems that arise and make suggestions for the improvement of the school and the welfare of all the students.

## *Varsity Band . . . First Place Winners*

Last fall, under the very capable leadership of Brother Leonard, the Band took first place in the Riverview Mardi Gras, Parade of Bands contest. With the usual enthusiastic school spirit, daily rehearsals began in the latter part of August for this event and were continued throughout the year in preparation for its many-scheduled activities.

The purpose of the Band is to train students in all forms of music and composition so that they may better serve their school and community in this form of activity and develop a wider appreciation for classics of musical literature.

The Band is a military organization and, therefore, uses a military system of government. In fostering student leadership, the students act as officers and cadets. The officers, elected by the members, are in full authority when the Band appears before the public. Upon competent service and achievement, awards are given to members at an annual Band assembly.

## Enthusiastic Support To School Activities . . .

Immediately following the Mardi Gras contest, the band began meticulous rehearsing in order to present an entertaining show between the halves of our football games.

After the football season, another event was ahead for some members of the band, for they contributed a great part in the school production of **The Mikado**.

During the second semester, to culminate the activities of the year, all the rehearsing done in the Band room was aimed at the Band's highest goal—a successful spring concert. On the ninth of May the Band presented a very beautiful example of what our music department has been able to accomplish. It was a task well done and provided a fitting climax to the activities of the season.

The Band strikes up the "Gold and Blue March" at one of the assemblies held in the auditorium.

# Glee Club . . . in the Spotlight

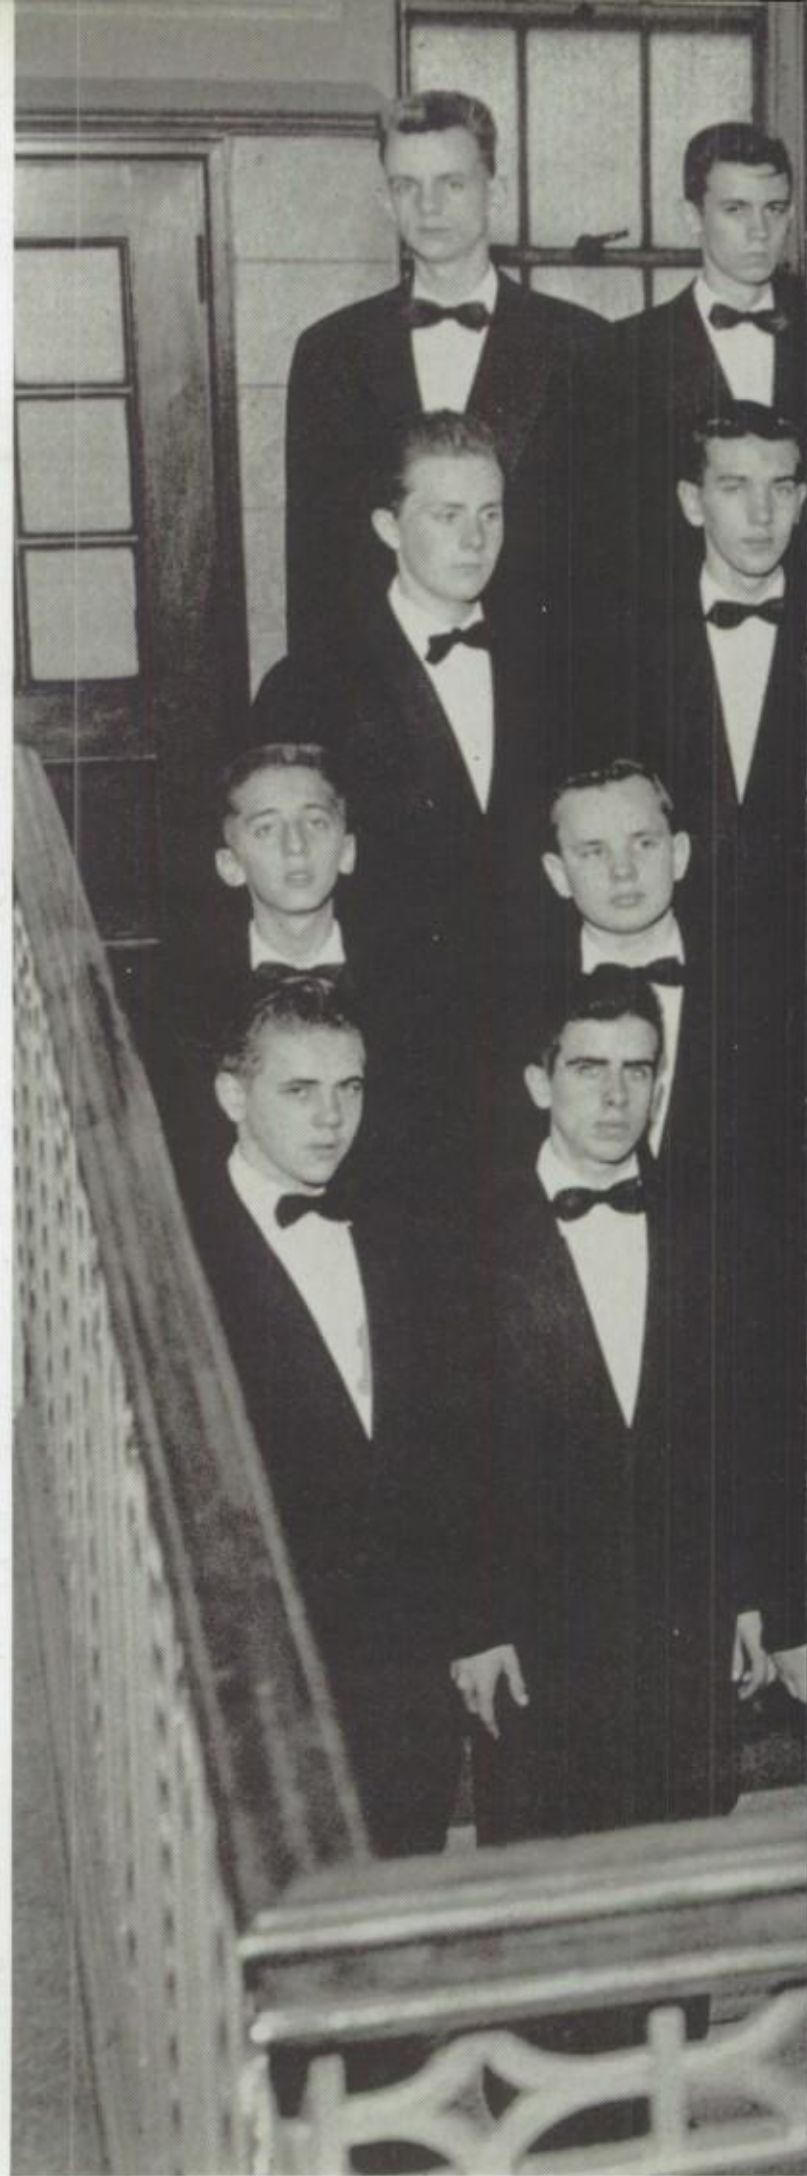

Another efficient unit in the Music Department of our school is the Glee Club. Throughout the year the Glee Club displayed its talents and skill in several public performances held for the students, their families, and the faculty.

They performed for the Parent-Teachers Association, presented the musical comedy *THE MIKADO* and gave a splendid spring concert in a combined public performance with the Band, which was held on May 9th of this year.

# Interests Beyond the Classroom . . .

In the midst of the activities and scholastic endeavors here at school, we find several clubs organized for those students having that particular interest as outside activity. The purpose of these clubs is to instill in the members a deeper knowledge and appreciation for that type of activity.

The Junior Red Cross Council, in conjunction with the local Red Cross Unit, has contributed much during the year in showing the students the advantages and honor of participating in such a worthy cause.

# Silver ANNIVERSARY

## Athletics . . .

Holy Trinity has always been mindful of the importance of athletic activity to fully develop its young men. The school has not only educated its students in the customary phases of development but also in the physical phase, where true sportsmanship is cultivated by the application of Christian principles on the field of competition.

In 1914, our school became a member of the Catholic league, entering into inter-scholastic competition in football and basketball in the north section. We have always considered it an honor to be a member of a league which has contributed so many great names to the field of sports.

Our football and basketball teams have performed proudly, gaining praise and recognition for our school and the student body. Our encouraging season records prove that what we lack in number, we make up in team spirit and determination to win.

In order to provide students not participating in varsity sports an opportunity to take an active part in athletics, a complete intramural program is organized under faculty supervision.

The physical education program, as carried out in the gym classes, helps to strengthen the body, provides relaxation, instills zest for competition, and teaches the boy the necessary physical skills.

# Varsity Football . . .

With the leadership of the expert coaching of Head Coach, Bob McAlpin, and his assistant, Frank Rohrer, the Tigers eleven had one of the most successful seasons in the history of our school. Coupled with the enthusiastic backing of the entire student body, they started off the season by winning their first two practice games over De Paul and our arch-rival — Weber. The Tigers' spirit was in the air, and the school looked anxiously forward to a successful season.

The season officially opened against Fenwick, and although the Tigers fought valiantly and showed their improvement over last year, we lost by a score of 26-12. The following game was also lost to St. George who proved to be one of the best teams in the Catholic league.

# Tigers Display Fighting Spirit . . .

This "do or die" spirit again caught hold of the team, and they led us to victory over St. Ignatius. Due to two long runs by Ron Heiden and beautiful downfield blocking by Don Pilarski, the Tigers upset Loyola by a score of 24-7. Trinity went ahead and edged out St. Mel by a score of 12-6.

The final game of the season was with St. Philip, and after a hard fight, which all Trinity fans will never forget, St. Philip won by a score of 33-14. This ended our football season with a tie for third place in the league.

## *They Gave Us Trinity's*

Weeks before school had officially opened, Coach McAlpin and the Tiger squad were hard at work at St. Joseph's College in Rensselaer, Indiana, preparing for actual combat on the field. They dealt a one-two-three punch to the thermometer as they defied over 99 degree temperatures to train for the football season.

After they returned to school, practice was not over as they spent every evening to sun down on the practice field at Humboldt Park. Perseverance and hard work spelled success for our team.

### **TIGERS ELEVEN:**

1st row: R. Marchewka, F. Galovich, R. Ciechanowski, D. Pilarski, T. Ketza, T. Galovich, and J. Ball, Captain.

2nd row: R. Norys, R. Heiden, J. Schlieben, and J. Gliwa.

## *Greatest Football Season . . .*

Into the coaching and playing of any major sport go countless hours of work and sweat. Mr. McAlpin and Mr. Rohter put into this task all the strategy and skill of a good coaching team, using the most modern techniques and equipment available — including films of the various games which were shown to the team shortly after the game had been played. The team displayed the courage, determination, and sportsmanship worthy of a Catholic school. We ring out our praises for a successful football season to the coaches, team and the students for their support throughout the season. It went down as one of Trinity's best.

In recognition for outstanding achievement, Brother Quentin, the Athletic Director, gave out the following grid monograms:

Seniors: Ball, Heiden, Kamys, Ketza, Marchewka, Pilarski, Schlieben, and Wozny.

Juniors: Ciechanowski, F. Galovich, T. Galovich, J. Gliwa, Laskowski, and Bob Kopier, manager.

Sophomores: Obidowicz, Jaslowski, Norys, Odrón, Szczurek, and Robert Cinal, manager.

# Freshman Football Team . . .

1st row: E. Stock, R. Topczewski, P. Evansky, M. Furgal.

2nd row: F. Viscarello, J. Broda, W. Sieck, R. Sowizorol, D. Kroll.

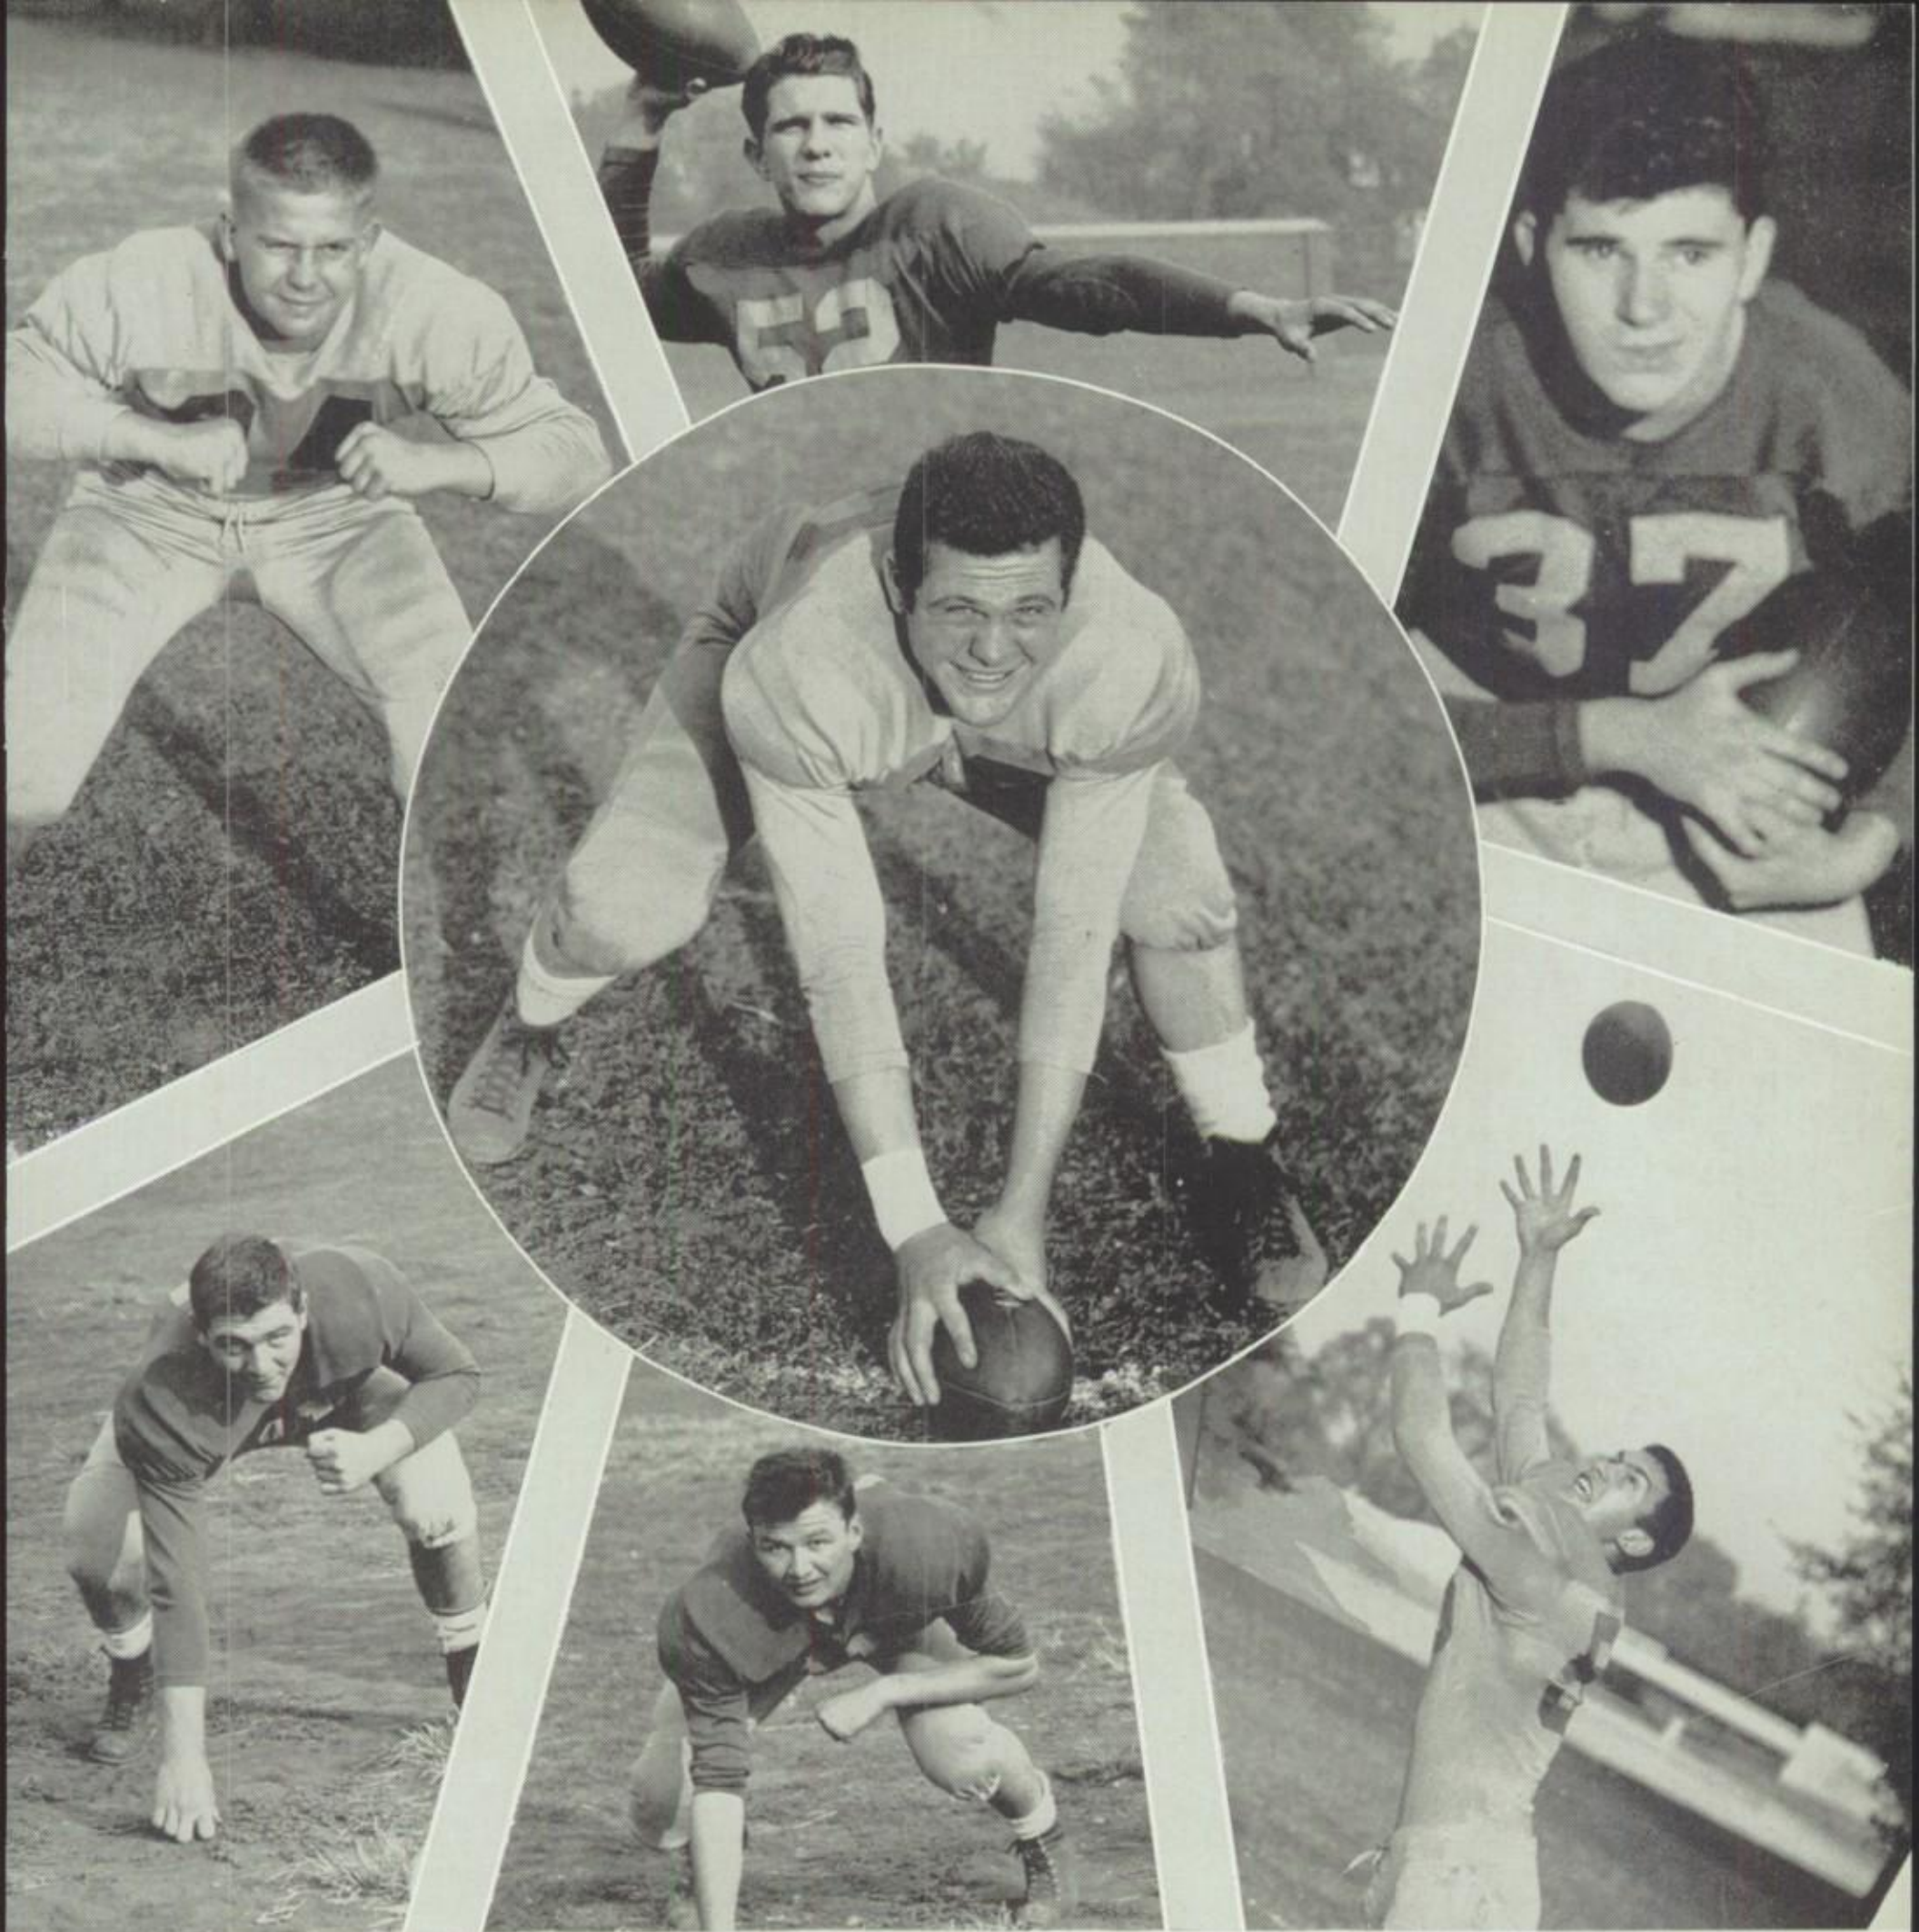

3rd row: Mr. Parrillo, coach; R. Grygienc, R. Chmielewski, G. Medrick, N. Podpora, A. Blaszyński, C. Thomas, R. Greco, R. Petrokovic, T. Lakomecki, D. Scully, Manager.

The Freshman football team was ably coached by Mr. Parrillo and his assistant whose job it was to teach the younger men the rudiments of football and to instill in them some of the fighting spirit of the Tigers.

Although this season was not as successful as was the Varsity, they did profit from what they had learned throughout their year of training and actual game participation.

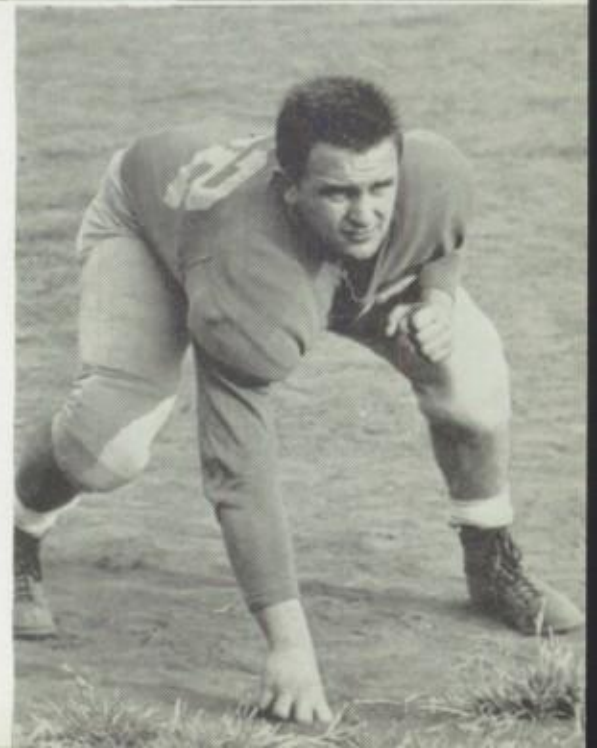

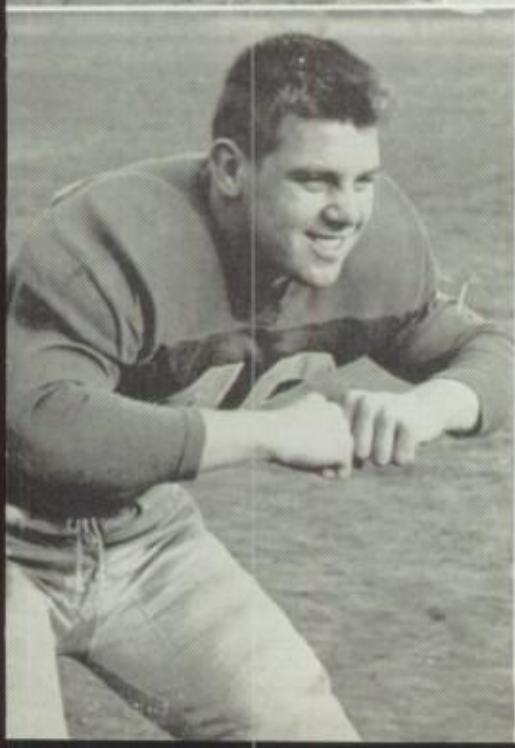

From some observations, it looks as though there are some varsity prospects among the group. Trinity tigers must go forward.

ious over St. Philip's senior squad. Leading the team to victory over St. Philip were Tom Budzik and Frank Kross who displayed their playing ability by bringing in a total of 36 points.

The starting line-up consisted of guards, Tom Bonk and Richard Bieszczad, forwards, Frank Kross and Tom Budzik, and center, Ted Slowik. Reserves, John Janik, Fred Harder, and Jow Gliwa saw heavy duty throughout the season.

In his various pep sessions with the team, Coach Frank Rohter stressed the necessity of good sportsmanship and an alert mind as being essentials in building a good athlete. He applied various types of strategy on different occasions which helped the team to force their opponents to play harder for a victory. Through the keen competition throughout the season, the team learned the importance of team work . . .

Our Senior Basketball team, lacking in the necessary height, started the league with losses to Fenwick, St. George, and St. Patrick by scores of 52-46, 60-52, 61-55, respectively. These scores indicate that the team had played impressive ball and were close to victory in each game. At the end of the first round of games, the Tigers had a one to six record. They were victor-

# Junior Basketball . . .

As the box scores have shown, our varsity basketball team was not as successful as last year's. Although the team faced some of the toughest competition in the Catholic league, it showed great fighting spirit under a losing score.

The Fenwick tournament pitted the Tigers against the Fenwick Friars. The game was a nip-and-tuck battle all through the first half, however, in the second half, the Friars rallied to a victory.

Later in the season, against St. Patrick, a Trinity rally was stopped short of a victory. Most of the team's losses were due to the last minute surges of the opposing team.

Ruszkowski rebounds as Koszola and Szczurek look on in the battle for victory in the game with St. George.

# Raise that Score . . .

Recchia scores on a lay-up against Fenwick . . . He is assisted by Pawlowski and Ruszkowski

In the game with St. George, Cuchra, Pawlowski, and Koszola play the defense.

This year four seniors played their last game for the Trinity Tigers on the Junior team—Don Ruszkowski, center; Don Koszola, forward; Rich Jachowski, center; and Tom Cuchra, guard.

Frank Recchia and Don Balicki, the sharpshooting forwards, will return next year in an attempt to lead the Tigers to victory. The fine defensive playing of Paul Szczurek and Leonard Pawlowski will be a valuable asset to the Tigers in their bid for the Catholic league title.

The Bantams and Flys had one of the best seasons of recent years. The team played "heads-up" ball all through the season as their record shows. One of the most important reasons for their success is due to the fine coaching strategy used by Mr. Wierzbicki.

The sharpshooting and high scoring forward, Charles Gazda, and guard, Edward Zych, were teamed up with Andrew Kasperwich to add additional backing for their successful season.

Some of the young talent displayed will be a great help to the varsity squads in coming years . . .

# *Their Last Year with the Team...*

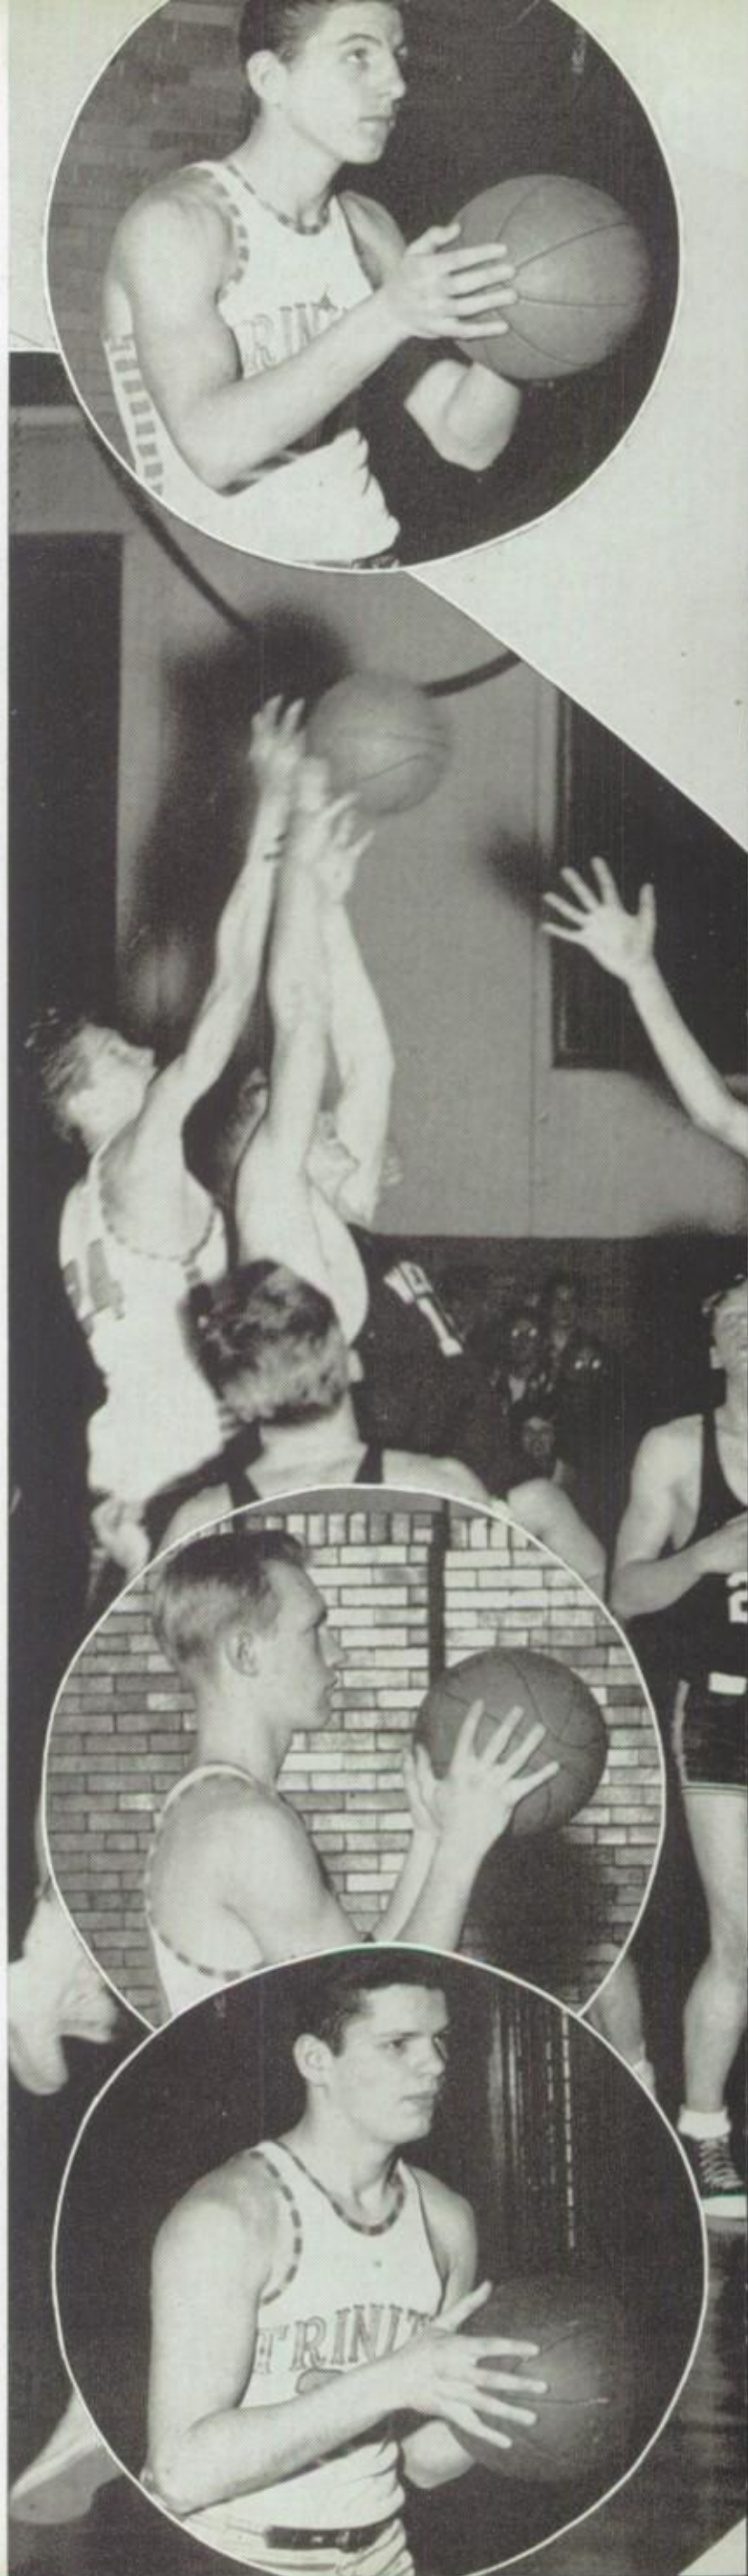

For these ten seniors, this season climaxed their four years of high school sports. Through sacrifice and hard work they have risen from the ranks of the Frosh-Soph to that of the varsity teams. Throughout the past four years, they have aimed at acquiring those attributes which go into the making of a good sportsman. From actual experience on the court, they have learned the value that accrues from fair play in victory and in defeat.

They take with them these life-long memories which have contributed in making their high school days, not only years of development, but also years of joy.

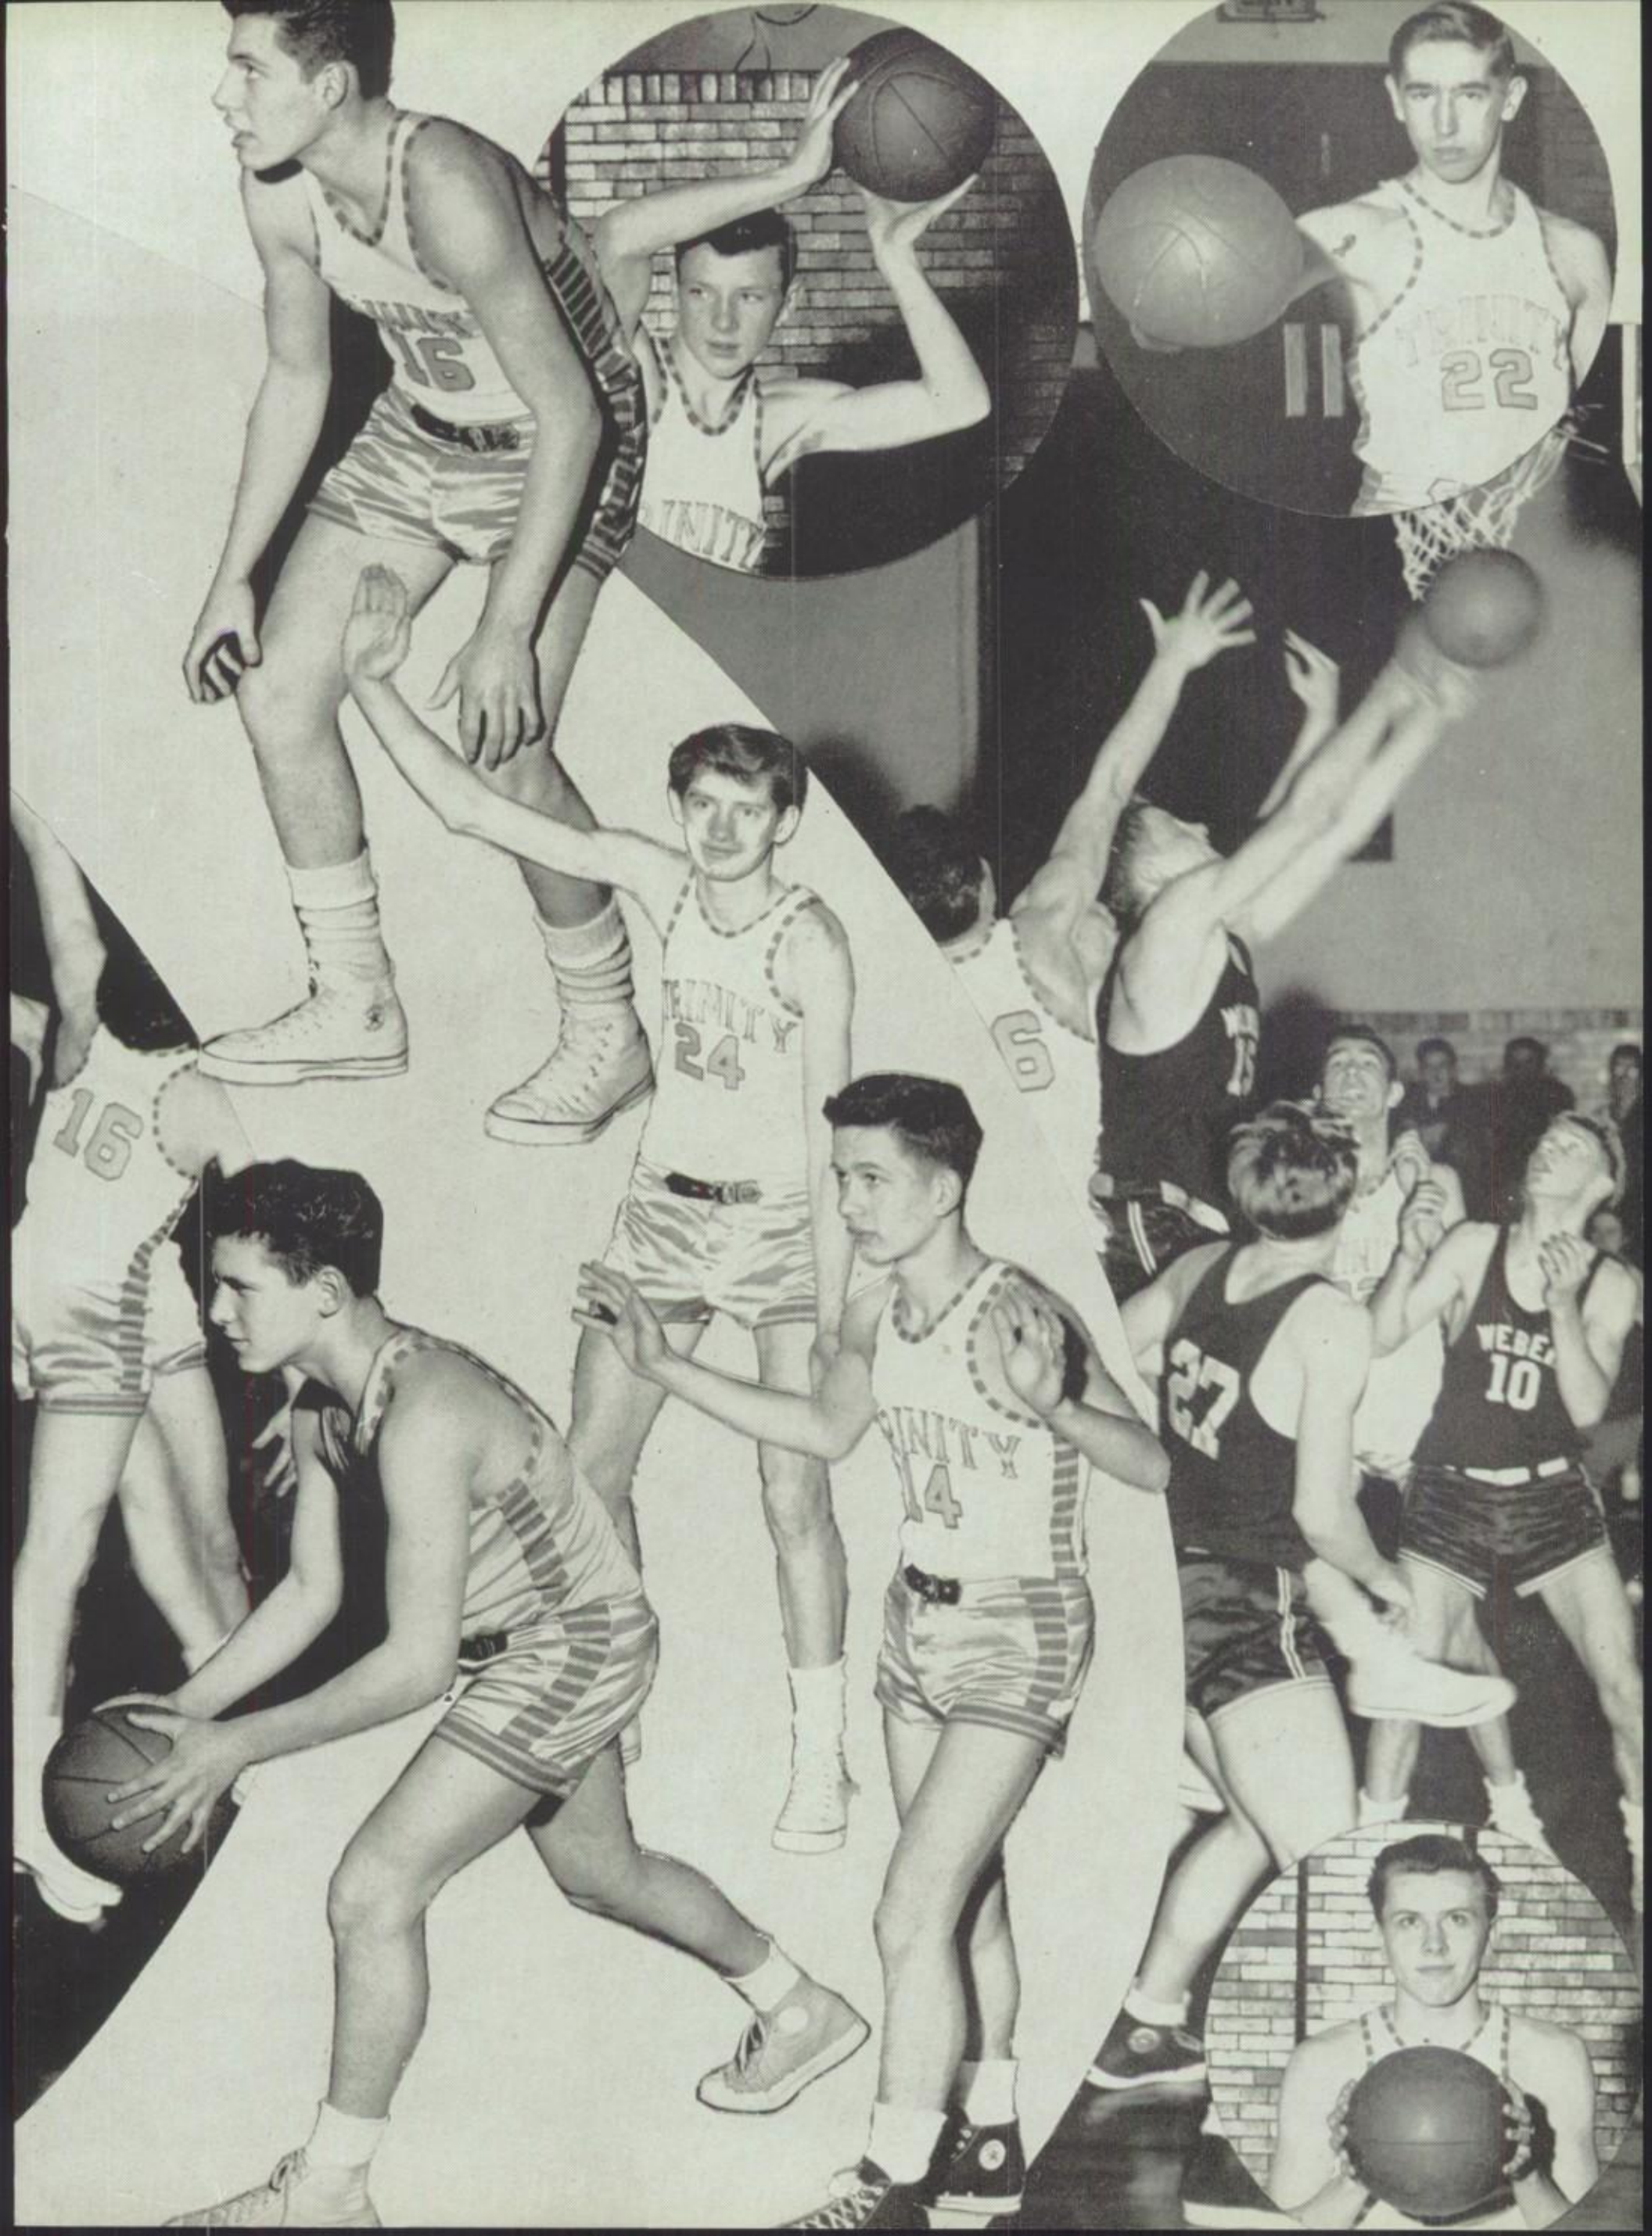

We salute these top ten of the year . . .

## For Better Physical Development . . .

**Two upper pictures:** The gym is the scene of much activity from 8 o'clock to 8:30 when Basketball competition is on between homerooms.

**Lower left:** In gym class, Mr. McAlpin explains and demonstrates the importance of building bodily strength to J. Dziedzic as A. Blasznski, D. Scully, R. Dudek, and C. Thomas look on.

**Lower right:** The regulations and rules of intramural basketball are explained by Brother Thomas to the teams of Leo Lesniak, Richard Wolf, and Richard Zych.

The intramural program provides for competition in basketball and volleyball between Homerooms for those students who do not participate in the major sports of the school. This program, along with the regular gym classes, helps to develop in the student the spirit of good sportsmanship and fair play.

## *Recognition For Successful Accomplishment . . .*

These students, with the help of the coaches and faculty moderators, have merited the distinguished symbol of service awarded by the school's administrative heads.

In recognition for their constant perseverance and success in school activities, these varsity monograms have been bestowed upon them and the other monogram winners unable to be present for the picture.

These awards are symbols, not only of successful accomplishments, but of good sportsmanship and character given only to those worthy to represent the school.

We wish to thank the Parent-Teachers Association for coming to our aid again this year in the publishing of this book.

ALL SAINTS

" . . . O Immaculate Mother of Jesus, . . . hear the ardent cry which rises up from every heart in this year dedicated to you. Bend tenderly over our aching wounds. Convert the wicked, dry the tears of the afflicted and oppressed, comfort the poor and humble, quench hatreds, sweeten harshness, safeguard the flower of purity in youth, protect the Holy Church, make all men feel the attraction of Christian goodness. In your name, resounding harmoniously in heaven, may they recognize that they are brothers, and that the nations are members of one family, upon which may there shine forth the sun of a universal and sincere peace.

. . . You are all beautiful, O Mary! You are the glory, you are the joy, you are the honor of our people."
